

## CONCEPT

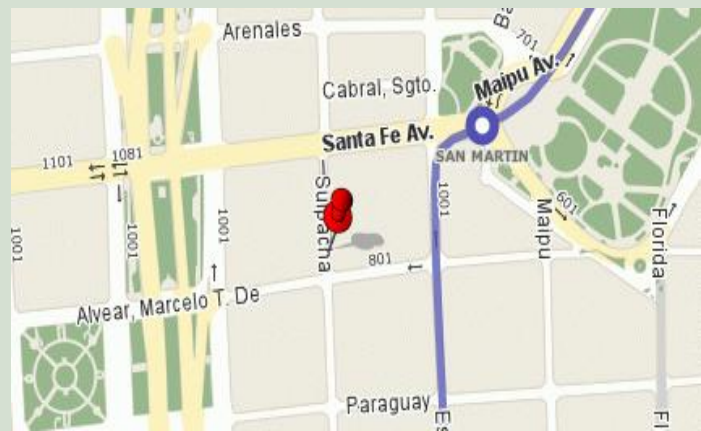

The first Hotel dedicated to the well- being culture has born wrapped Into a beautiful living wall as a vertical garden. Personality and technology combined with innovative design, light woods and soft colors are joined in a warm style.

## LOCATION

Located in a privileged area in the heart of the city.

A few meters away from the commercial Santa Fe Avenue, the Subway, the pedestrian Florida Street and the famous San Martin Square, CasaCalma is an urban oasis to relax nearby all of the main Downtown attractions.

## GREEN

CasaCalma is the first Zero Contamination Hotel in Argentina. Since their opening in 2008, it became one of the few eco- friendly hotels of the country, giving total priority to the care of the environment.

All the materials used in the building where certificated and eco-friendly. Besides, everyday some other actions are developed in order to protect the environment.

Nowadays, CasaCalma is joining a concrete action against the GLOBAL WARMING. We are helping with this project to reduce carbon emissions into the atmosphere and consequently, protecting the climate. This action consist of compensate the damage generated by the electricity, and the carbon emissions to become Zero CO2.
